

## APPENDIX 2. Photographs pertinent to the visit made to Panama and Guatemala by David Fairchild in 1941.

Photo description <sup>a</sup>	Country	Date	Fairchild Tropical Botanic Garden photo number/David Fairchild photo number/Plant collection number
Antigua, Casa del Oidor [Popenoe's house], Antigua neighbor girdled the big Avocado tree that stands dead	Guatemala	Undated	0860/25703-4/-
Antigua, market, chayotes, <i>Sicyos edulis</i> Jacq. (Cucurbitaceae)	Guatemala	Undated	0861/25703-8/-
Antigua, Casa del Oidor [currently known as Popenoe's house], patio whistling ducks	Guatemala	Undated	0863/25681-8/-
Santa Catarina, Marian Fairchild and Wilson Popenoe trying to get into the dooryard of growers of the pacaya ( <i>Chamaedorea tepejilote</i> Liebm.) palm	Guatemala	Oct-17	0926/25701-7/-
Solola, Lake Atitlán	Guatemala	Oct-18	0927/25698-5/-
Quiriqua, banana, <i>Musa × paradisiaca</i> L. (Musaceae), train loaded with bunches of bananas each wrapped in paper, on siding	Guatemala	Oct-14	0928/25704-4/-
Antigua, pottery market in old church	Guatemala	Oct-15	0929/25703-9/-
Antigua, Volcán de Agua, roof of Popenoe's house	Guatemala	Undated	0930/25703-5/-
Antigua, Casa del Oidor [currently known as Popenoe's house], Marian Fairchild and Wilson Popenoe	Guatemala	Undated	0931/25703-3/-
Antigua, Popenoe's house, <i>Pouteria viridis</i> (Pittier) Cronquist [ <i>Achradelpha viridis</i> (Pittier) O.F.Cook or <i>Calocarpum viride</i> Pittier] (Sapotaceae) on fountain	Guatemala	Oct-17	0932/25706-1/-
Balboa, <i>Bactris gasipaes</i> Kunth [ <i>Guilielma utilis</i> Oerst.] (Arecaceae), pejibaye fruits that have been boiled and peeled in salt water and are ready to eat. Dorothy Allen boiled them on lawn by the house in the Orchid Garden in Balboa where the Allen's live	Panama	Oct-8	0933/25509-8, 25513-3/-
Gaillard Highway, waringia ficus, <i>Ficus benjamina</i> L. (Moraceae), two years old from planting	Panama	Jun-28	1012/25417-10/-
Santa María de Jesús, Cornstalk town street	Guatemala	October	1025/25681-7/-
Santa María de Jesús, view of thatched home with walls made of cornstalks, on slopes of Volcán de Agua	Guatemala	Undated	1030/25681-6/-
Rabinal, bromelia, <i>Tillandsia leiboldiana</i> Schltdl. (Bromeliaceae), market boy holding inflorescence in full bloom	Guatemala	Oct-31	1067/25683-1/-

## APPENDIX 2. Continued.

Photo description <sup>a</sup>	Country	Date	Fairchild Tropical Botanic Garden photo number/David Fairchild photo number/Plant collection number
Salama, date picker gathering good to eat dates from single fruiting	Guatemala	Oct-31	1068/25685-12/-
Cobán, pacaya palm, <i>Chamaedorea tepejilote</i> Liebm., back of wall of Mrs. Robert Hempstead Place	Guatemala	Oct-30	1069/25686-6/1146
Antigua, Popenoe's house patio	Guatemala	Undated	1074/25692/-
Gorgas Memorial Institute of Tropical and Preventive Medicine Incorporated, Graham B. Fairchild at his laboratory table	Panama	Jun-30	1075/25415-5/-
Antigua, fruit market, baskets of ciruelos (plums), <i>Spondias purpurea</i> L. (Anacardiaceae)	Guatemala	Undated	1563/25703-6/1129
Rabinal, market, <i>Tillandsia leiboldiana</i> Schltdl. (Bromeliaceae), giant bromeliad	Guatemala	Oct-31	1578/25683-3/-
Antigua, San Pedro, <i>Crataegus manzanilla</i> ( <i>Crataegus mexicana</i> DC.) [ <i>C. stipulosa</i> (Kunth) Steud.] (Rosaceae) in full fruit	Guatemala	Oct-31	1579/25683-417/-
Antigua, <i>Dolichos</i> sp. (Fabaceae)	Guatemala	Undated	1580/25702-12/-
Puerto Barrios to Guatemala City, <i>Cereus</i> sp. cacti	Guatemala	Oct-14	1581/25704-5/-
Antigua, market, <i>Spondias purpurea</i> L. (Anacardiaceae) for sale	Guatemala	Undated	1582/25703-8/-
Antigua, market, women selling pasifloras ( <i>Passiflora</i> sp.) and "pepinos" <sup>b</sup>	Guatemala	Undated	1583/25703-9/-
Chichicastenango, woman holding cherimoya, <i>Annona cherimola</i> Mill. (Annonaceae), at native market	Guatemala	October	1584/25697-10/-
Cobán, <i>Chamaedorea</i> sp. (Areaceae), original listing <i>Chamaedorea rhombea</i> Burret [ <i>Chamaedorea pinnatifrons</i> (Jacq.) Oerst] (Areaceae) from Mrs. Hempstead	Guatemala	Undated	1585/25683-5/-
Santa Catarina, <i>Chamaedorea tepejilote</i> Liebm. (Areaceae), pacaya palm culture	Guatemala	Oct-17	1590/25701-5/-

## APPENDIX 2. Continued.

Route to Cobán, <i>Pinus oocarpa</i> Schltdl. (Pinaceae)	Guatemala	Oct-31	1591/25685-11/1145
Santa María de Jesús, small dark green perulero chayote, <i>Sicyos edulis</i> Jacq. (Cucurbitaceae), grown on arbors	Guatemala	October	1594/25681-4/-
Antigua, manzanote, <i>Olmediella betschleriana</i> (Göpp.) Loes. (Salicaceae)	Guatemala	October	1737/25694-7/-
Antigua, <i>Callicarpa</i> sp. (Lamiaceae)	Guatemala	October	1738/25701-1/-
Antigua, <i>Antigonon guatimalense</i> Meisn. (Polygonaceae)	Guatemala	October	1739/25695-2a/-
Cobán, <i>Sprekelia formosissima</i> (L.) Herb. (Amaryllidaceae)	Guatemala	Oct-30	1743/25686-7/1148
Paitilla, <i>Pelliciera rhizophorae</i> Triana & Planch. (Tetrameristaceae), collection by Graham B. Fairchild and David Fairchild in mangrove swamp	Panama	Jul-5	1843/25411-10/-
Antigua, market, pacaya palms, <i>Chamaedorea tepejilote</i> Liebm. (Arecaceae) in bowls at market	Guatemala	Undated	1895/25703-9/-
Chichicastenango, market	Guatemala	October	1959/25697-12/-
Chichicastenango, market	Guatemala	October	1960/25697-11/-
Atitlán, <i>Antigonon guatimalense</i> Meisn. (Polygonaceae), flowers	Guatemala	Oct-18	1961/25698-2/-
Santa María de Jesús, corn stalk village	Guatemala	October	1962/25699-11/-
Santa Catarina, corn stalk town	Guatemala	October	1963/25701-4/-
Antigua, sapodilla [green zapote] in bowl, <i>Pouteria viridis</i> (Pittier) Cronquist [ <i>Achradelphia viridis</i> (Pittier) O.F.Cook] (Sapotaceae)	Guatemala	October	1964/25701-1/-
Santa Catarina, pacaya palms, <i>Chamaedorea tepejilote</i> Liebm. (Arecaceae) and cornstalk fence	Guatemala	Oct-17	1965/25701-6/-
Chichicastenango	Guatemala	October	1966/25697-2/-
Chichicastenango, market	Guatemala	Undated	1967/25697-1/-
Tecpán, <i>Hesperocyparis lusitanica</i> (Mill.) Bartel [ <i>Cupressus benthamii</i> Endl. or <i>C. lusitanica</i> Mill.] (Cupressaceae) tree	Guatemala	Oct-19	1968/25696-11/1127

## APPENDIX 2. Continued.

Photo description <sup>a</sup>	Country	Date	Fairchild Tropical Botanic Garden photo number/David Fairchild photo number/Plant collection number
Chichicastenango, market	Guatemala	Oct-18	1973/25698-10/-
Santa María de Jesús, perulero chayote, <i>Sicyos edulis</i> Jacq. (Cucurbitaceae)	Guatemala	October	1976/15681-1/-
Cobán, Mrs. Robert Hempstead pointing to <i>Robinsonella</i> sp. (Malvaceae)	Guatemala	Undated	1977/25687-4/-
Antigua, black beans, <i>Phaseolus vulgaris</i> L. (Fabaceae), being bough	Guatemala	October	1978/25703-12/-
Antigua, market seller of pacaya palm, <i>Chamaedorea pinnatifrons</i> (Jacq.) Oerst. [ <i>C. pacaya</i> Oerst.] (Arecaceae) flowers	Guatemala	Oct-15	1979/25703-7/-
Antigua, <i>Spondias purpurea</i> L. (Anarcadiaceae) sellers at market	Guatemala	October	1980/25703-1/-
Antigua, Popenoe's House great patio, <i>Pouteria viridis</i> (Pittier) Cronquist [ <i>Achradelpha viridis</i> (Pittier) O.F.Cook] (Sapotaceae) injertos fruit	Guatemala	October	1981/25703-3/-
Rabinal, market and San Pablo church	Guatemala	October	1982/25687-2/-
Cobán, on the porch of the posada hotel of Mrs. Robert W. Hempstead	Guatemala	Oct-31	1983/25686-8/-
Rabinal, market <i>Tillandsia leiboldiana</i> Schltdl. (Bromeliaceae)	Guatemala	October	1985/25686-8/-
Cobán, <i>Agave</i> sp. a(Asparagaceae) with young flower stalk, limestone cliffs	Guatemala	Oct-29	1989/25686-8/-
Atitlán, lose up of <i>Antigonon guatimalense</i> Meisn. (Polygonaceae) flowers	Guatemala	October	1991/25698-3/-
Antigua, woman posing with <i>Antigonon guatimalense</i> Meisn. (Polygonaceae) flowers	Guatemala	October	1993/25695-1/-
Santa Catarina, pacaya palm, <i>Chamaedorea tepejilote</i> Liebm. (Arecaceae)	Guatemala	October	1996/25701-6/-
Antigua, market	Guatemala	Undated	1997/25703-7/-
Antigua, flor de unano <sup>c</sup>	Guatemala	Undated	1999/25694-3/-
Antigua, pacaya palm, <i>Chamaedorea tepejilote</i> Liebm. (Arecaceae) market	Guatemala	October	2000/25703-8/-
Antigua, market, sapodilla [also known as green zapote], <i>Pouteria viridis</i> (Pittier) Cronquist [ <i>Achradelpha viridis</i> (Pittier) O.F.Cook] (Sapotaceae)	Guatemala	October	2001/25703-6/-

## APPENDIX 2. Continued.

Photo description <sup>a</sup>	Country	Date	Fairchild Tropical Botanic Garden photo number/David Fairchild photo number/Plant collection number
Antigua market, coral vin, <i>Antigonon leptopus</i> Hook. & Arn. (Polygonaceae)	Guatemala	Oct-24	2002/25691-3/-
Antigua, Popenoe's cook- María	Guatemala	October	2009/25682-6/-
Rabinal, market, girl selling oranges	Guatemala	October	2010/25687-1 <sup>d</sup> -
Antigua, Popenoe's house, cherimoyas, <i>Annona cherimola</i> Mill. (Annonaceae), on table	Guatemala	Undated	2013/25693-10/1140
Antigua, market, girl carriers, vegetables	Guatemala	Undated	2014/25693-8/-
Gorgas Memorial Institute of Tropical and Preventive Medicine Incorporated, Graham B. Fairchild at his laboratory table	Panama	Jun-30	2720/25415-2/-
El Valle, Marian Fairchild posing with <i>Warszewiczia coccinea</i> (Vahl) Klotzsch (Rubiaceae)	Panama	Jun [Jul]-1 <sup>e</sup>	2721/25412-3/-
El Valle, Graham Fairchild and Paul Allen	Panama	Jun [Jul]-2 <sup>e</sup>	2722/25412-8/-
Summit Garden, David Fairchild and Walter R. Lindsay posing with <i>Garcinia mangostana</i> . On bank of lily pond surrounded by Mangosteen trees planted 1929 or earlier 1925-6, the tree under which I sat fruited 6 years from Vilmorin [this is the name of a seed trading company] seed says Lindsay. Summit Garden, durian, <i>Durio zibethinus</i> Rumph. ex Murray (Malvaceae), Paul Allen posing	Panama	Undated	7580/25417-3/-
Gaillard Highway, waringia ficus, <i>Ficus benjamina</i> L. (Moraceae), planted on Gaillard Highway about two years ago	Panama	Undated	7581/25417-12/-
El Tejar, row of <i>Hesperocyparis lusitanica</i> (Mill.) Bartel [ <i>Cupressus benthamii</i> Endl. or <i>C. lusitanica</i> Mill.] (Cupressaceae) on route from Solola to Guatemala City	Guatemala	Nov-1/3	7602/25679-6/-
Santiago, Atitlán, Elizabeth Kay and Wilson Popenoe in square	Guatemala	Nov-1/3	7603/25680-1/-
San Pedro La Laguna, Lake Atitlán, <i>Persea americana</i> Mill. (Lauraceae)	Guatemala	Nov-1/	7605/25680-3/1157
San Pedro La Laguna, Wilson Popenoe posing with avocado fruit, <i>Persea americana</i> Mill. (Lauraceae)	Guatemala	Nov-1	7604/25680-2/-
Lake Atitlán, Wilson Popenoe and Helen Popenoe viewing Lake Atitlán	Guatemala	Nov-3	7606/25680-4/-
Lake Atitlán, view from Mirador of Lake Atitlán early morning 9 a.m.	Guatemala	Nov-3	7607/25680-5/-
Antigua, market, little girl eating jocote, <i>Spondias purpurea</i> L. (Anacardiaceae)	Guatemala	Oct-19	7610/26405-1/-
Market, cluster of pejobaye [known under the common names of pixvae or pifá in Panama] or peach palm, <i>Bactris gasipaes</i> Kunth [ <i>Guilielma utilis</i> Oerst] (Arecaceae), bought by Paul Allen in market	Panama	Undated	12149/25509-8/1123
Balboa, plate of pejobaye [known under the common names of pixvae or pifá in Panama] palms, <i>Bactris gasipaes</i> Kunth (Arecaceae) ready to eat after being boiled and salted. Delicious as chestnuts. Dorothy Allen boiled them on lawn by the house in the Orchid Garden in Balboa where the Allen's live	Panama	Oct-8	12153/-/-

<sup>a</sup>Name provided by David Fairchild is given in brackets when this name is different to the accepted name.

<sup>b</sup>It seems that this is typographic error as the photo only shows fruits of passion fruit.

<sup>c</sup>We could not find the scientific name of this plant.

<sup>d</sup>We could not locate negative/prints of the photo on the FTBG Archives.

<sup>e</sup>The recorded date is interpreted as a typographic error. Correct information is indicated inside brackets..

<sup>f</sup>It is likely to refer to *Euterpe oleracea* as all species of the genus planted in Summit Garden belong to this species.
